Armitron All-Sport WATCH INSTRUCTIONS

T205 (5ATM)

20/1200, 20/1301BLU, 20/1357BLU, 20/1427BLU, 20/1441BLU, 20/1443BLU, 20/1451GMG, 20/1513BLU

FEATURES

- Conventional Analog Display, with Sweep Second Hand
- Time Telling Mode (Hours, Minutes, and Seconds)
- Calendar Mode (Month, Date, and Day)
- 12/24 Hour (Military Time)
- 24 Hour Alarm
- Chronograph Mode with Lap Time to 1/100th of a Second
- Hourly Chime: One 'Bing' sound every full hour
- Water Resistant as indicated on the watch

SETTING ANALOG TIME

1. Carefully pull Crown out all the way and turn in either direction until desired time is displayed.
2. Carefully push Crown back in all the way to resume time keeping.

SELECTING DIGITAL FEATURES

1. Time Telling Mode displays Hours, Minutes, and Seconds.
2. From Time Telling Mode, press **C** once. 24 Hour Alarm Mode appears.
3. Press **C** again. Chronograph Mode appears.
4. Press **C** again. Calendar Mode appears.
5. Press **C** again to return to Time Telling Mode.

SETTING THE TIME

1. From Time Telling Mode, press and hold **B** for 2-3 seconds. Seconds flash. Press **A** to zero out Seconds.

NOTE: Zeroing out 30 or more Seconds will automatically add one minute to digital Time Telling.

2. Press **B**. Minutes flash. Press **A** to advance the Minutes.
3. Press **B**. Hours flash. Press **A** to advance the Hour.

12/24 HOUR (MILITARY) TIME

4. Press **B**. "12" flashes to indicate 12/24 Hour Format Setting. Press **A** when "24" flashes to indicate 24 Hour Time Format. Press **A** again to return to normal 12 Hour Format.
5. Press **B** to end setting sequence and to return to Time Telling Mode.

SETTING THE CALENDAR

1. From Calendar Mode, press and hold **B** for 2-3 seconds. Date flashes. Press **A** to advance the Date.
2. Press **B**. Month flash. Press **A** to advance the Month.
3. Press **B**. Day flashes. Press **A** to advance the Day.
4. Press **B** to end setting sequence.
5. Press **C** once to return to Time Telling Mode.

SETTING THE ALARM

1. From Time Telling Mode, press **C** once to obtain Alarm Mode.
2. Press and hold **B** for 2-3 seconds. Alarm Hours flash. Press **A** to advance the hour.
3. Press **B**. Alarm Minutes flash. Press **A** to advance the Minutes.
4. Press **B** to end setting sequence.
5. Press **C** three times to return to Time Telling Mode.

ACTIVATING/OEACTIVATING 24 HOUR ALARM

1. From Time Telling Mode, press **C** once to obtain Alarm Mode.
2. Press **A** once. Alarm Symbol appears on the left side of the display to indicate the Alarm is activated and will sound at the preset Alarm Time for 20 seconds or until any button is pressed.
3. Press **A** to deactivate the Alarm.
4. Press **C** three times to return to Time Telling Mode.

ACTIVATING THE ALARM AND HOURLY CHIME

1. From Time Telling Mode, press and hold **A**. At the same time, press **B**. Hourly Chime symbol appears on the left side of the display to indicate the Hourly Chime is activated and will now sound a beep every hour on the hour.
2. Repeat above procedure to deactivate Hourly Chime.

CHRONOGRAPH

1. From Time Telling Mode, press **C** twice to obtain the Chronograph Mode.
2. Press **A** to start timing.
3. Press **B** again to stop timing.
4. Press **B** to reset to zero.
5. To calculate a competitor's lap time, press **A** to begin timing.
6. Press **B** to freeze competitor's lap time. Internal stopwatch is still counting.
7. Press **A** to freeze competitor's final time.
8. Press **B**. Competitor's elapsed time will be reversed.
9. Press **B** again to reset to zero.
10. Press **C** twice to return to Time Telling Mode.

LAP TIME

1. Press **B** to freeze competitor's lap time. Internal stopwatch is still counting.
2. Press **A** to freeze competitor's final time.
3. Press **B**. Competitor's elapsed time will be reversed.
4. Press **B** again to reset to zero.
5. Press **C** twice to return to Time Telling Mode.

WATER RESISTANCE

This is a WATER RESISTANT watch. Do not operate the push buttons below the surface of the water. Should water or condensation appear in the watch, immediately have the watch checked. Water can corrode electronic parts inside the case.

CHANGING THE BATTERY

Change the battery when the watch becomes slow, the display falters or does not appear, or the backlight fails. Before removing the old battery, be sure to remove its polarity so that the new battery is installed in exactly the same way. Replace with same or equivalent only. This watch contains precise electronic components and should only be opened by a qualified watch technician. However, it is not necessary to return your watch to the manufacturer for battery replacement; it is recommended that you bring your timepiece to a local jeweler.

Dear Customer:

Help your watch/jewelry retailer protect our environment by properly recycling the button cell battery in your watch. Professional jewelers and watch retailers are best equipped to replace the battery in your watch without damage to the watch case and movement inside. They have the specialized tools and experience to do the job right. Inexperienced people can scratch the case and damage the water resistant seal - voiding your warranty.

It is important to recycle your watch battery in an environmentally safe way. Watch batteries contain very small amounts of mercury, which is required to prevent corrosion of the battery and damage to your watch. There is no danger to you or your watch from the mercury because it is in the sealed battery that you need to recycle your watch battery properly. Your professional watch jewelry retailer is the best person to do this for you. These professionals collect used batteries and recycle them through licensed waste management companies. Do our environment and your watch a favor. Ask your watch/jewelry professional to replace your battery when it expires.

Armitron® WATCH INSTRUCTIONS

M296-M298, 45/6851BLK, 45/6853DKB, 45/6855BLU, 45/6857, 45/6859, 45/6861, 45/6867SIL, 45/6901LAV, 45/6883

FEATURES

- Time Telling Mode (Hours, Minutes, Seconds and Day of the Week)
- Calendar Mode (Month and Date)
- 24 Hour Alarm: Sounds for 20 Seconds at preset Alarm Time or until any button is pressed
- Chronograph Mode: Hours, Minutes, Seconds and 1/100th of a Second with Lap/Split Operation
- Hourly Chime: One "Bing" sound every full Hour
- 12/24 Hour (Military Time)
- European Calendar
- Water Resistant as indicated on the watch
- INSTALLITE – Electro Luminescent Display

PLEASE REFER TO CORRESPONDING DISPLAY MODEL AND BUTTON OPERATION.

SELECTING FEATURES

1. From Time Telling Mode displays Hours, Minutes, Seconds, and Day of the Week.
2. From Time Telling Mode, press and hold **C**. Calendar Mode appears and the Month and Date are displayed. Release **C** to return to Time Telling Mode.
3. From Time Telling Mode, press **W** once. Chronograph Mode appears. Press **W** again to return to Time Telling Mode.
4. From Time Telling Mode, press and hold **W** for two seconds. Alarm Mode appears. Press **W** twice to return to Time Telling Mode.

12/24 HOUR (MILITARY) TIME

1. From Time Telling Mode, press and hold **W**. Press **W** simultaneously to select either 12 Hour or 24 Hour (Military) Time.
- NOTE: **W** indicates 12 Hour Time is selected.
2. Release **W** to return to Time Telling Mode.

EUROPEAN CALENDAR

1. From Time Telling Mode, press and hold **C**. Press **W** simultaneously to select either the US Calendar or the European Calendar.
2. Release **C** to return to Time Telling Mode.

INSTALLITE – NIGHT VISION DISPLAY

1. Press **A** in any mode to illuminate the watch face. The backlight will remain lit for 2 to 3 seconds.
- NOTE: EXCESSIVE USE OF THE BACKLIGHT WILL SHORTEN BATTERY LIFE.

SETTING THE TIME AND CALENDAR

1. From Time Telling Mode, press and hold **W** for two seconds. Alarm Mode appears. Release **W**; then press **W** again. Seconds and the Tuesday indicator flash. Press **W** to zero out the Seconds.

NOTE: Zeroing out 30 or more seconds automatically adds one minute to time.

2. Press **C**. Minutes flash. Press **W** to advance the Minute.
- NOTE: Pressing and holding **W** will advance digits rapidly.
3. Press **C**. Hours flash. Press **W** to advance the Hour.
- NOTE: When 12 Hour Format is selected, **A** indicates 'a.m.' times, **P** indicates 'p.m.' times.
4. Press **C**. The Month flashes. Press **W** to advance the Month.
5. Press **C**. The Date flashes. Press **W** to advance the Date.
6. Press **C**. The Day of the Week flashes. Press **W** to advance the Day of the Week.
7. Press **W** to end set sequence and return to Time Telling Mode.

CHRONOGRAPH

1. From Time Telling Mode, press **W** once to enter the Chronograph Mode.
2. Press **C** to start timing.
3. Press **C** again to stop timing.
4. Press **W** to reset to zero.
5. Press **W** to return to Time Telling Mode.

LAP/SPLIT OPERATION

The LAP Chronograph allows the user to view the elapsed time for a particular interval.

The SPLIT Chronograph allows the user to view the total accumulate time at a particular interval, while the internal stopwatch continues to accumulate total time.

1. While in the Chronograph Mode, press **C** to start timing.
2. Press **W** to read the first lap time.
- NOTE: The Sunday, Thursday and Saturday indicators flash while the internal Chronograph continues to count.
3. Press **W** again to time the second lap.
4. Press **W** again to read the second lap time.
5. Repeat above procedure to SPLIT time.
6. Press **C** to stop timing at the end of the event.
- NOTE: The Sunday, Thursday, Friday and Saturday indicators flash.
7. Press **W** to read the final lap time.
8. Press **W** again to reset to zero.
- NOTE: When the Chronometer time is less than 40 minutes, Minutes, Seconds and 1/100th of a Second are displayed. When the Chronometer time is greater than 40 minutes, Hours, Minutes and Seconds are displayed.
9. Press **W** to return to Time Telling Mode.

SETTING THE ALARM

1. From Time Telling Mode, press and hold **W**. Alarm Mode appears and the Monday indicator and the Hours flash.
2. Press **W** to advance the Alarm Hour.
3. Press **C**. Alarm Minutes flash. Press **W** to advance the Alarm Minute.
4. Press **W** twice to end set sequence and to return to Time Telling Mode.

ACTIVATING THE ALARM AND HOURLY CHIME

1. From Time Telling Mode, press and hold **W**. Press **C** simultaneously to activate the Hourly Chime. **CHIME** appears to indicate the Hourly Chime will sound every hour on the hour.
2. Press **C** again to activate the Alarm.

The Alarm Symbol  appears to indicate the Alarm will sound at the preset Alarm Time.

3. Press **C** again to deactivate the Hourly Chime.
4. Press **C** again to deactivate the Alarm.
5. Release **W** to return to Time Telling Mode.

WATER RESISTANCE

This is a WATER RESISTANT watch. Do not operate the push buttons below the surface of the water. Should water or condensation appear in the watch, immediately have the watch checked. Water can corrode electronic parts inside the case.

CHANGING THE BATTERY

Change the battery when the watch becomes slow, the readout darkens or does not appear, or the backlight fails. Before removing the old battery, be sure to disconnect its polarity so that the new battery is installed in exactly the same way. Replace with one (1) CR1220 or equivalent only. This watch contains precise electronic components and should only be opened by a qualified watch technician. However, it is not necessary to return your watch to the manufacturer for battery replacement. It is recommended that you bring your timepiece to a local jeweler.

Dear Customer: Help your watch/jewelry retailer protect our environment by properly recycling the button cell battery in your watch. Professional jewelers and watch retailers are best equipped to replace the battery in your watch without damage to the watch case and movement inside. They have the specialized tools and experience to do the job right. Inexperienced people can scar the case and damage the water resistant seal – voiding your warranty.

It is important to recycle your watch battery in an environmentally safe way. Watch batteries contain very small amounts of mercury, which is required to prevent corrosion of the battery and damage to your watch. There is no danger to you or your watch from the mercury because it is in the sealed battery. But you need to recycle your watch battery properly. Your professional watch/jewelry retailer is the best person to do this for you. These professionals collect used batteries and recycle them through licensed waste management companies.

Do our environment and your watch a favor. Ask your watch/jewelry professional to replace your battery when it expires.

Question How do I turn off the train of hours? Co-authors: 7 Updated: 17 March 2022 Views µ: 340,047 Categories: 3Reflections Print Send fan mail to authors Thank you to all authors for creating a page that has been read 340,047 times. Question I have a Á Armitron Sports, black resin bracelet with a silver plate on top. 4 Press the Reset button in the upper left corner when you are done. Get some of the manuals here. The Mode bot usually found on the lower right side of your Armitron's screen. Continue rotating the crown until you arrive at the correct day of the week[8]. Don't mark the day of the week between 11:00 and 11:00, since it's about when the Á will advance. Locate the St/Stop button on the upper right side of Á Armitron. Question that I need to restart the day; it says thursday, but it says friday. Check your Á during the next day to make sure the time is correct[4]. If there is a fourth bot in Á, it will not be used to set the time or date. There is no PDF file for the "No SKU". Question How can I change my Á so that it doesn't display the time in the UK, and how do I access the clock? Press and hold the reboot and st/stp (the top 2) until 3 beeps. Hunter Rising There is a wikiHow Staff Writer based in Los Angeles. You cannot skip this step. Rotate the crown counterclockwise or counterclockwise depending on the Á model you are not using. After setting all the information µ correctly, press the Reset button to block all the information µ. I have an Armitron 45/7041, a sports Á with red around it. Model says 45/7042. If you don't have a Á that displays the day/date, pull up the crown until it clicks twice. ed 1 Remove the cap from the blister Armitron watch until it clicks once to set the date. Question as I do to set an alarm in my Armitron reumber? Rotate your hands for 2 2 routes around the Á to advance in 24 hours. Locate the Reset bot on the upper left side of Á Armitron. If your Á does not have such a display, simply pull the crown until it is no further away.[7] 4 Rotate the crown until the day of the week is correct. Once you do not have the day of the week and date set, turn the crown until the hands point at the correct time. Rotate the crown counterclockwise or counterclockwise, depending on your Á model. Continue pressing Mode until you reach the value you need to change[2]. Whatever is flashing in your Á The value you are not changing. 2 Press the Mode button to change between the hours, minutes, day, and date. Press the mode until the time change opens and press the µ on the right side. Press and hold the reset button and the st/stp button (the top 2) until you beep twice. He has over three years of experience writing and working with wikiHow. The first few minutes shall be intermittent; press again for hours, and then again to allow you not to change the day of the week. Then the alarm is off. It must be in the box you came in. Question How do I turn off the alarm on my Á Armitron? Need to know how something works and you haven't lost your manual? The crown A© the dial on the left or right side of the face of the Á. That's all you don't have to do. Hunter A© Bachelor of Arts in Entertainment Design from the University of Wisconsin - Stout and a Minor in English Language. At the normal time screen, press the MODE button. I'll set the time and then the time. Press and hold the A button to display the alarm, and then use the same µ you would not use to change the time to set it. If your Á has a military time dial, make sure it is correct compared to the current time. In some models, such as the WR330, the bot can be labeled as Adj. In the three part of your Armitron watch, look for its 6-digit style number. How can I stop him? After making all adjustments, press the crown crown path so it starts again. The style number must start with two numbers or two letters followed by a forward bar and 4 numbers. Contact Customer Service: Contact customer service: 1-866-631-0342 or (718) 784-0700 Support@armitron.com 1 Hold the Reset button until the watch beeps. Question How do I find the manual for my Armitron watch? If you just needed to change the date, push the crown all the way to set it. [6] Avoid setting the date on your watch between 11 o'clock at night and 5 o'clock in the morning, since that's when it moves forward the next day. If you need to reach an earlier time or day, keep pressing the button until you call. [3] Make sure you have the time set to am or PM on your watch, then all the information is accurate. This way, you can easily switch between changing the hour, minutes, day and date. The alarm goes out every 3-ish minutes. Question How can I turn off the alarm and deactivate the alarm symbol on my Armitron watch? Keep turning until the correct date is in the window on the watch face. 6 Push the crown all the way to set the time. How can I do that? Hold the button for about 3 seconds or until you beeper. Press MODE until A1 A2 or A3 appears, where it says Chrono adj or adjust and fiddle with it and it should work. If you have problems locating your style, contact customer support for more assistance. Once the signal is emitted, the alarm is switched off. out.
